

**Prof. Gabriele Neretti**  
Universty of Bologna, Italy

---

**Gabriele Neretti** received the Ph.D. degree in Electrical Engineering from the University of Bologna, Italy, in 2009. Since December 2011, he is an Assistant Professor with the Electrical Electronic and Information Engineering Department, University of Bologna. His research interests principally include technological applications of non-thermal plasmas in the aerospace and aeronautical domains and in the plasma medicine field. He is also involved in the design and realization of power electronics plasma generators. He is member of the International Society of Plasma Medicine and Editorial board member of the 'Open Physics Journal' and 'Electronics MDPI Journal'. He published more than 50 international paper contributions, and a book chapter in 2016.
